

EQUIPMENT DIRECTOR REPORT

Thanks to all parents, players, coaches and board members for your support! Without you, PCSA would not be able to operate in the capacity to which we have brought this club. It is all of our responsibility to act in the best interests of PCSA. Please shop locally and support all our sponsors whenever possible!

Equipment: Coming into the position when I did certainly had its challenges. Many thanks to the parents and coaches who took the time to contact me with their equipment needs. I appreciate your patience. There were thousands of email exchanges regarding ordering of uniforms and equipment between myself, coaches and our supplier. It was extremely difficult to make sure items didn't fall through the cracks. We could not approve all requests due to budgetary limitations, but we made sure that every player and coach had uniforms and necessary equipment.

Accomplishments:

I have been involved with Peterborough soccer as an active parent, coach and currently a member of the PCSA executive.

I performed due diligence and compiled three quotes for equipment for both the academy and the upcoming summer program. I worked with a committee to discuss the pros and cons of each supplier before presenting our suggestions to the board. There was open discussion with the board on our recommendations. The new supplier has taken over the sizing and fittings. This enables us to get our uniforms faster and the onus is more on the supplier. No more wait times for me to drive to Whitby and deliver equipment to coaches or players. Items can now be picked up at our supplier!

I am always willing to help in any capacity I can. I have taken down nets, put up and taken down sponsorship advertising, and am currently coaching as well. I look after inventorying and organizing equipment. I have personally delivered equipment to players and coaches.

I have been on PCSA hiring committees and offered my suggestions with my opinions for the betterment of PCSA.

Thank you all for a wonderful year, and I look forward to the year ahead!

Cheers, and go City!

Phil Davreux
