### **2022 AGM**

#### **Administrator Report**

Although the season started while we were still stay at home order with all kind of uncertainty in the air and we came from most difficult situation of Covid crisis we were able to overcome all challenges, financial, logistics, health etc and yet we made it successfully.

This year we had 504 players registered which is a record according to my notes. We were able to obtain the largest amount of grant from government helping us through the challenges (thanks to the panel especially Todd), we were able to collect every penny and there were no outstanding payments, all this through the challenges of raising cost to us and decreasing number of refs. I am grateful to all board members for their hard work. I have tried as always, my very best to fulfill my duties as per their expectations.

- As a person of contact I have maintained the communication via mail and email with most leagues- my latest correspondence was with DRSL requesting for them to provide a home for our players.
- I am thankful to our webmaster who continuous to do an exceptional job in promoting the club and informing the members.
- Tryout's schedule has been set, city has been informed, all is in order. Great teamwork with DOC and my colleague co-scheduler in creation of the schedules. Fall sessions are being planned too for outdoors and indoors. Winter sessions are being planned and scheduled in cooperation with the panel and the DOC.
- I worked closely with the board to meet the annual planning timelines.
- Major issue this year was team balance in divisions of DRSA leading into one of the U9G team folding, traveling issues in TSA for our U18B, expected increase in cost of rental for fields next year, keeping in touch with City Recreational department and public work continues to be very important and challenging too due to their continuous changes in staff.
- As co-scheduler I thank Scott for making a great team and as co-facility person, I continue to work the best I can to achieve the goals we have set for ourselves.

- As Co tournament chair I am grateful to Barry. We started late due to the uncertainties in the air and yet managed to recruit 100 teams for our events.
- It is extremely important to find out the impact the new matrix will have in the club although thankfully it seems to be postponed yet for another year.
- To conclude, I am grateful as well as honoured to be part of the club and happy to continue to give my modest contribution.

**Thank you,  
Fevri Pazari  
PCSA Administrator  
Co-chair of Scheduling/ Facility/ Tournament**
